

◆ INVITATION to NEW SERIES TOKYO Spring 2012

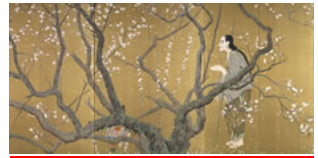

OPEN to PUBLIC. Everyone is welcome. Please apply as stated below.

We ponder deeply on **LIFE** of all sentient beings and the **HARMONY** of their living music.
 Our theme this year is *the Sacred and the Beautiful*. The two are connected in harmony.
 We follow the flow of history *with Music and Image*. We follow different traditions.
 We find beauty in both common souls and different ways of life.
 We feel the joy of living in sharing the findings from different traditions, such as the Bible and the Noh Drama.
